Study Skills
ProLehre Lernkompetenz
Offers for international students
Summer Term 2017
Enhance your Study Skills with ProLehre Lernkompetenz

At university, especially in Germany, students are expected to take responsibility for their own learning, to be highly motivated, and to organize their resources and time efficiently. However, fulfilling all of these expectations can be quite difficult, especially when crucial study skills are not at hand and the university system is different from the one you know.

In order to give you the necessary equipment to master all kinds of studying situations at a German university, we support international students with workshops and moodle-online material.

All offers are cost-free for TUM-students.

You have a B2 level of German or higher: Then why not also take part in our German workshops?

The advantages for you:
• more topics you can choose from like time planning for exam preparation, fostering your self-motivation, and many more
• you get to know other TUM-students and benefit from the mutual exchange
• and on top of that, it is a good opportunity to practice your German in an authentic environment
