Vilnius Gediminas Technical University, Faculty of Architecture invites researchers from different countries to express their interest and present abstracts for the annual Conference of Junior Researchers “K. Šešelgis’ Readings – 2018”. The Conference will take place at Rokiškis Land Museum in Rokiškis on May 17-18, 2018. VGTU is organising the traditional conference annually since 1999 to commemorate famous Lithuanian urban scientist and VGTU Professor Kazys Šešelgis (1915-1998), who served for many years as head of the Department of Urban Design.

The forum has already developed the unique dialogue and cooperation traditions between the researchers of Architecture. It is an open platform for Lithuanian and foreign young and already experienced researchers to present their recent studies in the fields of urban, landscape, buildings architecture and cultural heritage.

Selected and reviewed articles of the conference will be published in the scientific journal „Science – Future of Lithuania” referred in acknowledged international databases ICONDA; Gale®: Academic OneFile, InfoTrac Custom; ProQuest: Ulrichsweb™, Summon™; EBSCOhost: Academic Search Complete; IndexCopernicus.
